

Please choose your Stewardship Café topic!

In the Stewardship Café session that will take place at our diocesan Synod on Friday, October 21, 2016, delegates will have an opportunity to participate in conversations that are typically featured at diocesan Stewardship Cafés during the year. These conversations will bring together delegates from different parishes and allow them to informally share their experiences on a stewardship topic of their choice.

To help us determine how many tables to set aside for each topic, please select from the nine topics listed below, and enter the number of your chosen topic, together with your name and parish, in the spaces below.

Please return this form to the following address:
